

Using Our Energy to Save Yours!

Bring joy to the season without bringing added cost to your electric bill using energy efficient LED strands.

LED Decorative Light Strands:

- Consume 70% less energy than conventional incandescent light strands;
- Can last up to 10 times longer than traditional incandescent strands;
- Are available in a variety of colors, shapes and lengths.

Eligibility

1. Rebate applicant must be a residential electric customer.
2. Eligible equipment must be connected to an electric service billed under Glencoe Light and Power.
3. This program is applicable only to equipment that meets the detailed equipment specifications and requirements as described in this application.

Terms & Conditions

1. Program Discretion: Incentives are available on a first-come, first-served basis. This program and its incentive amounts are subject to change or termination without notice at the discretion of Glencoe Light and Power.
2. Mail the completed rebate form, a copy of the original sales receipt and the label (including wattage) from packaging by December 31, 2018.
3. Total incentive will not exceed 75 percent of the product cost.
