

Application for Winter Disconnect Protection & Inability to Pay Declaration Form

If you are unable to pay your utility bills and need cold weather protection from utility shut off, please complete this form and return it to the 'Glencoe Light and Power' office immediately. The Minnesota Utilities Commission provides that from October 15 through April 15, a utility cannot disconnect a residential utility customer for nonpayment if you enter into, and keep current with, a mutually agreed upon payment arrangement with the utility.

Low-cost/no-cost energy tips:

These simple practices can save you 5 to 10 percent on your annual utility bill. In most cases, all they cost you is a little time.

Low-cost improvements:

- Use LED or CFL light bulbs wherever possible.
- Caulk and weather strip attic and basement spaces, fireplaces, wall outlets, pipes, and ducts to reduce leakage of conditioned air.
- Cover windows with plastic.
- Install an insulated wrap on an electric water heater when it is in an unheated area.
- Reduce water use in showers and at faucets by installing flow restrictors.
- Clean or replace heating and cooling filters once a month or as needed.

Low-cost improvements (cont):

- Have your heating and cooling systems serviced once a year to ensure peak operational efficiency.

No-cost improvements:

- Reduce your water heater temperature setting to 120 degrees and your dishwasher at 140 degrees.
- Set your thermostat as low as is comfortable in the winter and as high as is comfortable in the summer.
- Turn off lights, TVs, peripheral equipment such as VCR, DVD, and gaming sets when not in use.
- Turn off all unused appliances.
- Clean the lint filter after each dryer load. Set the dryer controls to prevent over drying clothes.
- Close windows tightly and use locks to help cold air from leaking in.

Minnesota Cold Weather Rule Notification of Rights

This pamphlet explains the Cold Weather Rule and the steps to take if you cannot pay your bill or your electric service is disconnected.

The Cold Weather Rule (CWR) helps protect and reconnect your heat from October 15 through April 15 and protects residential customers only. All electric companies must offer CWR protection.

The Cold Weather Rule does not forbid all winter disconnections. If you receive a Notice of Proposed Disconnection this winter, you must act promptly.

216B.097 Cold Weather Rule; Cooperative or Municipal Utilities

Pursuant to MN State Statute, 216B.097, a municipal utility must not disconnect and must reconnect the utility service of a residential customer during the period between October 15 and April 15 if the disconnection affects the primary heat source for the residential unit and **all** of the following conditions are met:

- The household income of the customer is at or below 50 percent of the state median household income.
- A customer enters into and makes reasonably timely payments under a payment agreement that considers the financial resources of the household.
- A customer receives referrals to energy assistance, weatherization, conservation, or other programs likely to reduce the customer's energy bills.

Your Rights and Responsibilities

THE RIGHT to declare your Inability to Pay your GLP bill. If you declare Inability to Pay, you must enter into a payment schedule with GLP to maintain your utility service. You have the right to appeal any proposed disconnection to GLP. You will have to provide GLP proof that you are unable to pay and were current in payments to GLP. Your service will not be disconnected until this appeal is resolved.

THE RESPONSIBILITY if you prove Inability to Pay, to complete the enclosed "Inability to Pay" form and return it to Glencoe Light and Power within 10 days. If you are receiving energy assistance or any form of public assistance and can document it for GLP, you do not have to complete an Inability to Pay form. If you mail the form or can prove your receipt of public assistance, you must also contact Glencoe Light and Power to arrange a payment plan.

THE RIGHT to a mutually acceptable payment schedule with Glencoe Light and Power. This payment schedule will cover your existing arrears plus the estimated usage during the payment schedule period. If you are able to pay, but still wish to enter into a payment schedule, contact Glencoe Light and Power immediately to arrange a schedule.

THE RESPONSIBILITY of making payments that are mutually agreed upon or promptly notifying Glencoe Light and Power why you cannot keep this agreement. You may request that the original payment schedule be changed. Any change is initially subject to Glencoe Light and Power approval.

THE RIGHT to request that Glencoe Light and Power notify a third party. If you have previously requested a third party notification, a copy of this notice has been sent to the third party.

THE RESPONSIBILITY to receive Budget Counseling from the local energy assistance provider or other financial counseling organization. Lists of agencies are provided.

Disputes regarding the previously listed options can be appealed to Glencoe Light and Power. Copies of the Cold Weather Rule are also available at GLP.

Third Party Notification Form

If you have been served a notice of proposed disconnection by your utility, you may want to alert a third party (friend, relative, church group, community agency) that a disconnection notice has been issued to you. The third party will not be responsible to pay your bill. The third party does however, have the right to contact the utility and provide information or work out a payment arrangement. If you want a third party to be notified of the potential disconnection, please complete the form and return it to Glencoe Light and Power.
